

Master of Business Administration (Online)-LCLM500

1. Context and Objectives

This programme aims to develop an understanding and critical appreciation of management theories and best practice tools and techniques to effectively deal with a highly competitive business environment. The MBA programme at the University of Mauritius provides advanced educational opportunities for improving the practice of management in both the private and the public sectors of the economy. The programme aims to prepare managers to assume key positions of responsibility and perform in a wide variety of specific assignments within an organisation. Using a flexible mode of delivery, this Online MBA Programme is designed to facilitate the professional development of working people.

2. Learning Outcomes

Upon completion of this programme, learners should be able to:

- developing an advanced understanding of the management of organisations and the changing external context in which they operate.
- understanding the implications of an increasingly global economy and the changing legal, ethical, cultural and political environments of business.
- ability to apply knowledge of business and management to solve practical and complex situations.
- ability to integrate knowledge acquired across functional areas and disciplines.
- ability to evaluate alternative solutions for effective decision making and effectively implement appropriate management strategies.

3. Teaching and Learning Methods

Various teaching and learning methods are used for the MBA programme to provide students with a learner-centered experience, these include:

- Synchronous online tutorials/Video lectures/Game-based learning/Inquiry-based learning/ Industry-based online seminars

A typical semester module will carry 6 LCCS Credits which represent 180 notional learning hours broken down as follows: 30 hours of teaching, 60 hours of self-study and 90 hours of other learning activities.

A typical yearly module will carry 12 LCCS Credits which represent 360 notional hours broken down as follows: 60 hours of teaching, 120 hours of self-study and 180 hours of other learning activities.
